

ADITYA MOHANTY

Android Developer | B.Tech CSE (IoT) | Hackathon Competitor

Bhubaneswar, India | 8260881946 | aditya.mohanty1412@gmail.com
github.com/AdityaMohanty-Tech | linkedin.com/in/aditya-mohanty-228760375 | adityamohanty-tech.github.io

SUMMARY

Third-year B.Tech CSE (IoT) student and Android developer with internship experience, a first-place hackathon finish and hands-on projects in mobile apps and IoT. Eager to build reliable, user-focused software in a professional team.

EDUCATION

B.Tech, Computer Science & Engineering (IoT)

Currently 3rd year

Institute of Technical Education & Research (ITER), Siksha 'O' Anusandhan, Bhubaneswar | Current SGPA: 8.81

Classes 11 & 12

Cuttack

St. Xavier's High School, Cuttack

Schooling

Cuttack

Stewart School, Cuttack

EXPERIENCE

Android App Development Intern

1 Jul 2026 – 4 Sep 2026

Techgeering Solutions Private Limited

- Worked on Android application development as part of a professional software team.

PROJECTS

Event Ticketing App (Android)

Java, XML, Volley

- Built an app where event organisers publish events and sell tickets, and attendees sign up, browse events and book tickets.
- Implemented sign-in and sign-up, a home page, a ticket booking page and event banner upload (Uri to Bitmap to Base64), with REST API calls through Volley.

THERMIA – Smart India Hackathon 2026

Team Yukti

- Hyperlocal urban heat and air-quality digital twin concept; created the pitch deck and presented the solution to judges.

IoT Projects

In progress

- Currently designing and building IoT-based solutions that connect devices, data and applications.

ACHIEVEMENTS

- **1st Place** – Decode The Tech 2026 (GDGoC@SOA ITER), as Team Encoders, May 2026
- **Top 50 teams** – SOA Ideathon 2026, Faculty of Engineering & Technology, SOA
- Participant – 24-hour hackathon, Synchronize 4.0, XIM University, Bhubaneswar, Feb 2026
- Participant – Smart India Hackathon 2026 (Team Yukti)

CERTIFICATIONS

- Getting Started with Artificial Intelligence – IBM SkillsBuild, Mar 2026
- 'C' Language, Grade A – Computer Application Centre (NIELIT accredited), Aug 2024

SKILLS

Mobile: Android, Java, XML, Volley, REST APIs

Programming & Tools: C, Git & GitHub

Domain: Internet of Things, Digital Twins, AI fundamentals

Professional: Pitching & presenting, teamwork, problem solving
